BECOME A RATES ASSESSOR FOR ST BRÉLADE

Have you ever wondered how parish rates are assessed? We are also looking for residents interested in becoming Rates Assessors and helping with this important parish responsibility.

What do Rates Assessors do?

Rates Assessors play an important role in ensuring properties within the parish are assessed fairly and accurately for rating purposes.

Assessing properties – reviewing properties within the parish to determine their rateable value in accordance with the relevant rules.

Property inspections – visiting properties where necessary to understand their size, use, layout and relevant features.

Reviewing changes – considering alterations, extensions, renovations or changes in the use of a property that may affect its assessment.

Maintaining accurate records – helping ensure property assessments remain up to date.

Supporting the parish – working with the Parish and fellow assessors to help ensure the rates assessment process is carried out fairly and consistently.

You don't need to know everything before you start. If you are interested in your local community, have an eye for detail and are willing to learn, we would love to hear from you.

Being a Rates Assessor is a practical way to contribute to the running of St Brélade and help support an important part of parish life.
